RE: Minto Housing Foundation- Replace foundation for 10,000 square foot Minto Lakeview Lodge in Minto, completed January 2018.

To Whom It May Concern:

We are writing to highly recommend Toghotthele Corporation as a general contractor. They did an exceptional job of quickly addressing client demands and maximizing local hire while meeting and overcoming the challenges of working in remote site Alaska. They did all of this while managing multiple other projects across the state. Although they faced significant and challenging weather issues they completed the project on time and under budget.

I am confident that Toghotthele Corporation or any of its subsidiary organizations will be an excellent builder for your company as they always choose to do the right thing by the client. If you have any questions or would like additional information, please feel free to contact me at 907-978-1866.

Sincerely,
